25X1

THIRTIETH MEETING

25X1

Wednesday, 16 September 1981, 1300 Hours
Room 4B-867, Pentagon, Washington, DC

Chairman
Presiding

MEMBERS/ALTERNATES PRESENT

25X1

25X1

DISCUSSION:

[] Introduction of New Chairman and Members. [] 25X1
[] noted that he had replaced [] as the
new Chairman. New primary and alternate members of the Subcommittee
were introduced. The Chairman advised that meetings of the Subcom-
mittee would be held at least once a month in the future. []
[] also reported that the DDCI has made it clear that he expects
the DCI Committees to operate in a collegial manner so as to fa-
cilitate consensus on broadly perceived issues. In the Compart-
mentation Subcommittee, the Chairman will make final decisions
when there is no unanimous vote.

Review of DCID 1/20 "Hazardous Areas:" The Chairman noted that this meeting would constitute the semi-annual review of the DCID 1/20 listing of "hazardous areas" and asked for specific comments/recommendations by the members. The NSA member reported that his agency had some areas of concern, but nothing to warrant recommending any changes to DCID 1/20 at this time. The CIA member recommended adding the following countries to the listing of hazardous areas. The CIA recommendation was based on comments from the CIA Latin America Division who reported risks from terrorist activities and associated risk of detention--both of which could impede protecting SCI from possible compromise resulting from the capture, interrogation, exploitation, or entrapment of SCI indoctrinated persons.

[REDACTED]

25X1

A discussion ensued on whether there was an actual risk to SCI --a DCID 1/20 requirement before countries can be considered for addition to the hazardous area listing. Accordingly, the Chairman asked that members consider the above recommendations and be prepared to vote on the matter at the next meeting.

Security Policy on Unofficial Travel to the USSR. SECOM-D-121, 3 March 1980, same subject, requested that the Compartmentation Subcommittee arrange for the compilation and analysis of information bearing on this subject and to provide reports with recommendations to the SECOM as significant material is received or on a quarterly basis beginning in June 1980.

25X1

No members submitted any relevant information on this matter and the Chairman announced that a "negative" report would again be submitted to the DCI SECOM. The report would also make a recommendation that this matter be transferred to the SECOM Security Awareness Committee as a matter best suited to be considered by that body. [REDACTED] also advised that he will mention the matter at the next meeting of the SECOM itself. Pending the transfer of the matter, the Chairman advised that this item will be considered jointly with the review of DCID 1/20 in future meetings.

Revision of DCID 1/19, "Security Policy for SCI." [REDACTED] announced that the DCI SECOM had tasked the subcommittee to be prime on action to revise the current edition of DCID 1/19. Mr. [REDACTED] DCI SECOM Staff, had prepared a draft "strawman" of the draft DCI Security Policy Manual for SCI and of the revised DCID 1/19 which would promulgate it. [REDACTED] briefed the subcommittee on the "strawman" and answered a number of questions

on the draft. [] asked that members take the proposed draft back to their respective departments/agencies for the purpose of effecting an internal review and coordination. Members were requested to complete their review and provide written "line-in/line-out" comments at the 21 October 1981 meeting of the subcommittee. Special attention should be paid on whether or not the proposed revision should be classified, [] or unclassified. 25X1

[] Next Meeting. The Chairman announced that the next meeting of the Compartmentation Subcommittee would be held at 1300 hours, 21 October 1981, in Room 4B-867 of the Pentagon. Members should be prepared to discuss and vote on the above issues. An agenda will be provided at a later date.
